To Whom It May Concern,

I am pleased to recommend Sly Production, led by Mr. Vadym Viazovskyi, as a dependable and professional partner for exhibition stand development and execution.

As the Event Manager at Gamzix, I had the opportunity to work closely with Sly Production on a comprehensive project covering three major international exhibitions:

- SBC Summit Lisbon 2024
- SiGMA Malta 2024
- ICE Barcelona 2025

Sly Production was fully responsible for the visual execution and on-site construction of all three stands. Each booth was delivered according to the approved designs, built with high-quality materials, and reflected our brand identity in a professional and engaging way.

The collaboration resulted in visually impactful and structurally reliable stands that attracted attention and supported our brand presence at all events.

I confidently recommend Sly Production to any company looking for a dedicated and experienced exhibition stand partner.

Sincerely,
Tetiana Dubrova
Event Manager
Gamzix
